Experience **Bolt** · Senior Product Designer

December 2018 — Present · Tallinn, Estonia

Leading the Rentals Design team to deliver the best in class design for Bolt products family and related services.

SoPost · UX/UI Designer (Internship)

May 2017 — August 2017 · Newcastle upon Tyne, United Kingdom

- Automated business processes and minimised engineers involvement in account management activities by designing numbers of internal tools for Commercial and Delivery teams.
- Reduced time on development by designing and implementing universal design system across all company tools and microservices.

Binary Studio · UX/UI Designer (Contract)

May 2016 — August 2016 · Lviv, Ukraine

- Decreased the time for new employee onboarding by redesigning internal HR tools and supporting materials.
- Increased number of leads by developing and executing a marketing strategy together with the executive team.

Happy Design · UX/UI Designer

June 2014 — August 2015 · Lviv, Ukraine

- Helped client to fundraise \$250,000 by designing MVP and supporting materials for achievement-focused social network.
- Completed 10+ successful mobile and web projects.

Education **Northumbria University** · BA (Hons), Interaction Design

2015 — 2018 · Newcastle upon Tyne, United Kingdom

Lviv Polytechnic · BA, Urban Planning

2010 — 2014 · Lviv, Ukraine
